

The #DiscoveryCrew Big Ideas

All students at Discovery deserve to be taught a wide range of subjects and understand the links between them.

All of the subjects you learn are linked by the 6 big ideas . . .

Humankind

This big ideas allows you to find out what it means to be human, including how the human body works and how to keep yourself safe.

This big idea helps you to see how humans are connected by their relationships, societies, faiths and communities.
