

## A message from Mrs Windle...

I really cannot believe we are at the end of our second year here at Discovery. It has been absolute joy throughout the year to have your children, each and every one of them brings so much to our #school in their own way. It would be remissive of me to not talk about the many events that we have held this year. The effort you put into preparing your children for these events is particularly special and certainly help us run them with much more ease. It has been great hearing our students talk about last years events and how they have looked forward to repeating them even bigger this year. It really does show how we have developed as a school family. I pray for better weather next summer so that events don't have to be cancelled at short notice also.

This last week we have welcomed new children into school - they have all done so well and seem so settled already. It is always wonderful to hear new friendships being made and new experiences ticked off so please keep the communication through seesaw coming through as we love to hear all about what experiences your child is having at home also. You should have all received via seesaw a copy of the South Yorkshire summer events booklet. There are a huge amount of activities over the summer break that may help those of you who aren't going on holiday or are looking for things to combat boredom.

May I take this opportunity to thank you all for your ongoing support of our school and look forward to seeing you all in the new academic year. Hoping you have a safe and joyful summer break with your wonderful children.

## Eid celebrations

For Eid this year we once again shared a beautiful meal outside. Children decorated the space (and themselves!). We loved seeing them all celebrate and embrace the traditions of other cultures.

## Colour Run

At our most colourful event of the year we chose to celebrate the fact that 10% of our school have Jamaican heritage. We shared traditional Jamaican food and enjoyed some amazing music.

Check our 2024-25 events calendar on the school website.

## Timetables Rockstars Day!

On Wednesday this week we all rocked out all day enjoying some maths themed activities! It was great to see how far our children have in maths. They were so much more confident and were visibly proud of themselves.

## Pride Disco

In June we celebrated PRIDE by having our very own disco. Students created a graffiti wall, and enjoyed posing in our photo booth and having a boogie.

In Rights to Rights student learnt that it is always okay to be who you are.

## Lower School Graduation

There were some especially proud moments for students in L4 and L5 this half term as they graduated from #LowerSchool.

Every child received a reward celebrating their unique qualities and quirks. We laughed, we danced and we graduated!

## RSE Day

This half term we once again celebrated RSE day. Children enjoyed a day of learning around kindness, friendship and personal development. They especially love our water play activity!

## Staff Changes

This term we say an extremely fond and sad farewell to the wonderful Miss Walker. Miss Walker's kindness and creativity have added so much to our school over the last two years and we know she will be missed by students, staff and families. We wish her all the best and very much hope she will not be a stranger.

## Transition and new faces

In the final week of term we welcomed 10 new students and 6 new members of staff into school!

They have settled in so well and already feel like part of the #DiscoveryCrew. We were so proud to see how welcoming and kind the students were. Offering games of football, showing people around and sharing words of reassurance in the wobbly moments.
