15:00-15:15	Home Time Reflection
15:15-15:30	Departure Arrangements

Students will arrive to school via local authority transport, family drop offs and public transport. A period of 15 minutes before registration will allow staff to support students into learning zones. Home time reflection will allow students time with their form teachers to provide each of them with a 'book ending' approach to finishing the school day. Again 15 minutes will be given at the end of the school day to ensure transport arrangements are completed in a safe and efficient manner.

Lessons are blocked into 45 minute sessions with some lessons combining together due to them being more practical sessions such as Food Technology and PE.

Students are grouped typically by chronological age range although we do consider that some of our students do struggle developmentally, so they may be placed developmentally based where there is above 10 students in the class.
